## INTRODUCTION

The purpose of this part-qualification is to prepare learners to function as a Commercial Ablution Cleaner.

A Commercial Ablution Cleaner cleans and maintains toilet and bathroom facilities. In addition, learner attributes (including communication) will be integrated in the learning process. Learners will have to prove competence of the above knowledge, skills, attitudes, responsibilities, and tasks imbedded in the exit level outcomes.

A qualified learner will be able to:

- Plan and prepare to clean a commercial abluion facility.
- Clean commercial abluion facility

This part-qualification is important to address the skills of the current and future employees serving all forms of commercial enterprises. Many commercial entities draw commercial cleaners from a unique group of semi-literate people in the country. The employees are currently trained using unit standard from various qualifications but the occupation itself does not have focused and formalised training programme.

The need for formalisation of the qualification was emphasised by many role players that included Black Economic Empowerment (BEECA) Cleaning Association, Professional Body for Environmental Hygiene (PBEH) and National Contract Cleaners Association (NCCA). The skills acquired by the qualified commercial cleaner will remain important boost for the multiple sectors.

## MINIMUM ENTRY REQUIREMENTS

- Open Access – FLC not Required
- AET Level 4

## ADDITIONAL REQUIREMENTS

- No additional legal or physical entry requirements.
